

Annual PCR BOD Meeting - March 28, 2025

Call to order 1:00pm

Attendees:

Voting members in attendance: 6

Non Voting members in attendance: 2

Guests in attendance: at least 17 (most virtual)

Quorum met (4 voting members, those marked with an * are voting members)? Yes

Approval of minutes

MOTION: Approve the minutes of the April 2024 BOD meeting as written.

[April 2024 BOD meeting minutes](#) **APPROVED**

MOTION: Approve the minutes of the October 2024 Mid Year PCR BOD meeting as written.

[October 2024 Mid Year PCR BOD meeting minutes](#) **APPROVED**

Officer's reports

Outgoing President/ Frank - [Outgoing President's Report](#)

- thank you to everyone and enjoyed serving

Outgoing VP/Chip* - [Chip's Report](#)

Treasurer/Bob O. - [Treasurer's Report](#)

- Prelim report: Made under \$2000, revenue total \$8K, \$1400/yr from natl, rest is conventions and sig group

Secretary/Cydney -

- Reminder - a board makes a decision only when a motion is made and approved by vote
- If we want to "DO" something or DECIDE something, we need to make a motion. We do this
 - to be very clear we are deciding something - which helps me take minutes
 - It is in our Bylaws/Manual of Operations that we will follow Robert's Rules of Order Newly Revised

Director's reports

- Coast Div/Jesse* - new director
 - Working on increased participation
 - Continue with auctions - 2 per year
 - Coast extras (email newsletter)
 - More field trips
 - Coffee club/regular lunches
 - Would like to create a mentoring program
- Sierra Div/Lou* -
 - A lot more participation
 - 9 or 12 new members from last train show (GTS), 5 or 6 increase from last year's membership, part of their discounted rail pass offer PCR does
 - SIG meet event held at CSRM brought people into the area
- Redwood Empire Div/ (interim superintendent) Dave Croshere *-
 - Going thru election process for superintendent and director
 - Have 1 candidate so far
 - Fortunate to have a meeting location that doesn't cost them anything and get approx 20 attending meetings.
- Daylight Div/Walter* - [Report](#)

- Rail pass is done but recruiting has been hard
- Focused on local efforts and friends of members, invite a friend
 - Has been successful
 - Will expand it
- Hosted an event - preconvention fun meeting - tree making and other hands on
- Were down 79 members but added 8 new people this last year
- Walter & Doug reach out personally to all new members
- Planning on 6 meetings a year in different locations and not all business meetings
- Also trying to focus on central coast area

Department Reports

- Admin/PCR Pres
 - Storekeeper/Mark Poggendorf - not attending, [his report](#)
 - ***NOTE: Mo has 3 timesavers, we need those back. Frank and Phil will work on it. Sierra has one too. These will be added to Storekeepers inventory.
 - New equipment that was purchased, track it down, Rick/Hilding, should be at SLO
 - Ask Rick Anderson to do this
 - Historian/Mary C. Moore-Campagna
 - New to position
 - Introduction
 - Request of directors
 - Send candidates for interesting member spotlights
- Membership/Doug Wagner -[Membership Report](#)
 - SIG coordinator/Seth Neumann
 - Sig meet in early 2025 at CSRM went well
- Publications/Gus Campagna
 - Branchline/Chip Meriam
 - MS Pub is becoming obsolete
 - Will need a replacement - researching options
 - Webmaster/Michael Eldridge
 - Call board members emails are private now
 - Proactive communications/Denni Baumer
 - Always looking for things to put in the newsletter
 - Needs events and items from divisions, many calendar items incomplete/no info
 - Phil will work with Michael on getting a calendar event form on the website
 - Board will get all division communications (Phil)
- Conventions/Denni Baumer
 - 2025
 - 92 Full Fare
 - 46 Companions
 - 36 Express
 - 8 Day Fare
 - 36 first timers!
 - 7 NMRA Regions represented including 14 attendees from PSR
 - 70 Virtual
 - 17 states & Canada represented

- Might make a profit
- 2026
 - Committee gathered
 - Rohnert park
 - Layouts picked
 - Struggle with excursions
 - Maybe western Railway Museum
 - Skunk train
 - Smart trains
 - Same format as 2025
 - July 1st reg will open
- 2027 - Sierra
 - Reno area
 - Searching hotels
- 2028 coast division
 - will need to look at different venues
 - Like school campus over spring break (frank)
 - UC santa cruz - dorms (Mary M-C)
- Convention manual
 - 4 chapters in a draft form
 - Review by board members
 - Reports given to next committees to review the “what was done right” and “what needs improvement” sections
- Contest/ Paul Deis - not present, Frank reported
 - Let's encourage people to submit items
 - “Celebration of Models” - national is leaning this way
 - Less a perception of competition and more of sharing our work
 - Work on ideas to increase entries
 - Stress novice category (Pat)
 - Phil will talk with Earl & Paul (sub committee) on ideas to get more entries
- Achievement Program/Earl Girbovan - not attending, but pleased to announce 3 new MMRs
 - 772 Anthony Thompson
 - 777 Dave Croshere
 - 780 Dave Adams

Unfinished Business

- Future regional conventions discussion: Sierra Division convention in 2027 - continued discussion of non hotel option.
 - Reminder: National is considering fewer days, no hotel as base of organization possibly, not in large metro areas, decouple train show from event, perhaps other changes
 - Natl is going to fewer days, 4-5 day
 - We will keep in mind as the next couple of conventions happen. Looking at alternative locations for Coast Division hosted convention 2028
- Rail Pass option - Have we promoted this? How have we promoted this?
 - we match \$10 for 2025 at least.
 - Might convert more if we just supplement a regular membership.
 - Nationally only a 6% conversion rate.

- Will be worked into division ideas for recruiting new members

New Business

- Projector purchases
 - **MOTION:** Approve the purchase of a new projector for the Daylight Division not to exceed \$500 **APPROVED**
 - **MOTION:** Approve the purchase of a new projector for the Redwood Empire Division not to exceed \$500 **APPROVED**
 - Also need replacement bulbs for all projectors. **MOTION:** Approve the purchase of new bulbs for the projectors in inventory. **APPROVED**
- Let's not be afraid to spend money on things we need
 - **MOTION:** Approve all purchases by PCR directors and officers under \$250 without prior approval from PCR BOD. **APPROVED**
 - To make it easier to get things done/purchase incidentals
- The NMRA President's Award for Service to the Division
 - (established in 2017) is awarded by the NMRA President to one individual in a Division in each Region per year, who has done outstanding work to make his or her local Division effective, engaging, and welcoming to members. Individuals are recommended to the NMRA President by the NMRA National Board of Directors, National Officers, or Region Presidents, as appropriate, and preferably always with the guidance of the Region Officials. Because you know which of your members are "super volunteers" better than National Directors and Officers, I need to hear from you. Please ask your region board members and division superintendents to assist you in making your recommendation. Spell out the reasons why your volunteer is deserving of this award. Remember, the award is for DIVISION contributions. Gordy Robinson will present the awards at the banquet in Novi. I need to hear from you no later than April 30, 2025. - Rick Coble
 - Frank will nominate Bruce Morden. Walter will do write up
- Groups.io
 - Phil took over admin role from frank
 - Cleaned up the pinned posts and other info
 - Phil will do a pcr email inviting people to join the group
- Constant contact
 - PCR constant contact database needs to be cleaned up to avoid paying more per month.
 - Over 2000 contacts on there
 - Many are no longer members
 - Needs cleaning, but need to retain the "other" category so can't wipe the whole thing
 - Phil will head up this project
- Lots of new members and new to the hobby at this convention
 - Welcome them!
 - How can we do this as part of convention official activities? Ideas?
 - 1st clinic of 1st clinic day welcome and about the nmra
 - Special emails to them inviting them to new attendee clinic
- Former member perspective from guest attendee
 - Requirement to be an nmra member as part of a club
 - Why? This is a barrier to participating.
 - Board response: This is a club problem which we don't have control over. It is the club's decision on requirements for membership.

- For future discussion
 - How to turn current members into recruiters for NMRA
 - Does the PCR have a way to identify 100% NMRA clubs?

Announcements: None

Adjourned at 2:45pm.

Minutes prepared by

Cydney George-Abatecola

To: Frank Markovich <frank.markovich@me.com>, "secretary@pcrnmra.org" <secretary@pcrnmra.org>, Michael Eldridge <meldridge2000@gmail.com>, Cydney George-Abatecola <cgeorge1314@gmail.com>, Dave Andlisa <dave@daveandlisa.net>, Chip Meriam <chipmeriam@comcast.net>

NMRA PCR Board Meeting

25 April 2024

Milpitas California

Members present:

Frank Markovich, MMR, President of PCR

Chip Meriam, Vice-President

Bob Osborn ,Treasurer

Mike O'Dorney, Secretary

Phil Edholm, Director and Superintendent, Coast Division

Walter Mizuno, Director and Superintendent, Daylight Division

Paul Weiss, Director and Superintendent, Redwood Empire Division,

Lou Anderson, Director, Sierra Division

Dave Putnam, Superintendent, Sierra Division

Denni Baumer, Manager, Conventions

Fred Soward, MMR, Central Director, NMRA

After determining a quorum was present, President Frank Markovich convened the meeting at 1:00 PM.

Elections

Both Frank and Chip term out in 2025, and they plan on exchanging positions for the next election.

Division Directors are elected in 2026.

Train shows

There are two train shows in our region:

GEHAMS (Golden Empire Historical And Modeling Society) in Bakersfield, held in March (Daylight Division)

International Railfair in Sacramento, held November 2-3 2024, by four clubs:

Sacramento Modular Railroaders

Sacramento chapter of the European Train Enthusiasts

Roseville Roundhouse Model Railroad Association
Sierra Division NMR
(a fifth group - Garden Railways - is considering joining)

Most big manufacturers (located well east of California) do not find it economic to exhibit here.
Exhibitors are local hobby shops, local manufacturers and individuals.

We are considering co-locating the NMRA regional convention with one of these conventions. There is considerable merit in having the convention in the same location every year. Signing a five year contract makes for reduced costs - but even signing with one hotel brand - say Marriott - can result in considerable savings, even if you are at different Marriott properties.

“Permanent” convention venues next to Amherst and Trainfest

Co-locating means NMRA insurance will cost a few hundred dollars more, but NMRA local will have to do a lot more marketing to increase attendance and attract more manufacturers.

Also, local RPM groups may be amenable to co-branding.

Paul Weiss raised the question “What is the mission of the convention?” This (Milpitas) convention had 176 in-person and 84 online registrants.

Phil will look at a subcommittee to create a survey of region members.

2025 convention in San Luis Obispo

Daylight presented a convention for SLO

Chip Meriam moved to approve
Lou Anderson seconded.
SLO convention passed unanimously

Non-Rail

We need to do more in this area.
A general lack of leaders and lack of willingness of members.
We should make Non-Rail free for the non-cost items.

Backup/Proxy/Deputy

Each division should have a means of covering for a leader who is incapacitated or unavailable.

Picnic

Each division can have one picnic a year that region will subsidize up to \$15 per person.

Work with hobby shops

Advertising should not be a burden on newsletter editors. This task should be delegated to another person.

Reno Convention

2027 or 2028 possible for regional and/or national.

Peppermill is expensive

Railpass

Conversion rate 10 percent

Some regions will pay first year after railpass

Adjournment

Phil moved

Paul seconded

Meeting adjourned 2:30 PM

October 2024 PCR Mid Year Board Meeting Minutes

Called to order at: 7:02pm

Attendees:

Voting members in attendance:

Frank Markovitch, President
Chip Merriam, Vice President
Paul Weiss, Redwood Empire Division Director
Phil Edholm, Coast Division Director
Lou Anderson, Sierra Division Director
Walter Mizuno, Daylight Division Director

Non Voting members in attendance:

Cydney George-Abatecola, PCR Secretary
Bob Osborne, PCR Treasurer

Guests in attendance:

Chuck Hakkarinen
Craig
John Abatecola
Dave Putnam

Quorum met (4 voting members)? **YES**

Approval of minutes

MOTION: Approve the minutes of the April 2024 BOD meeting as written. **TABLED** until March meeting

Officer's reports

[Treasurer's Report](#) - Bob Osborne

MOTION: Accept the 9-30-24 treasurer's report as submitted. **PASSED**

Director's reports

Phil: division meet in September at SBHRS. Well attended. Auction will be in December.

Lou: commemoration of NMRA exhibit at CSRM event went really well, had a visit from 4014

Paul: problem getting speakers/new speakers for events and willing to work with other divisions to exchange clinicians/speakers, they need reimbursement from PCR for their recent event - will follow procedure to get reimbursed

Walter: having difficulties getting into division bank account due to Milton's passing but they are working on it.

Chip: VP - no reports, Branchline - going along well, Denni Baumer [letter proposing 2026 convention in Rohnert Park](#)

MOTION: Approve Denni Baumer's proposal and hotel contract to host the 2026 convention in Rohnert park. **PASSED**

Unfinished Business

SLO convention status report

over 50 clinic spots filled, 1st section of Amtrak excursion filled, opened 2nd section, 55 registrants so far, over 120 room nights booked, need 200 to meet goals. Virtual reg at a few. For comparison, Techline had about 30 virtual reg at the end of early bird discount in January.

New Business

Future regional conventions discussion:

- Like most regions, our membership has dropped. Under 800 now. Start brainstorming ideas on how to still be able to hold these events.
- After SLO it will go to Rohnert park (RED division) then Sierra.
- Even national is struggling.
- Discussion about eliminating the typical hotel model for conventions.
- Non hotel convention done before by Sierra and it worked.
- Narrow gauge convention in washington was at a convention center with nearby hotels. Seemed to work well.
- Virtual is an option to make the the changes we need to in person events to keep them viable and recognizing that that may make the events not feasible for some. Virtual allows all members to participate fulfilling mission of the organization.
- What solutions have other regions come up with? Larger events with multiple regions doesnt/hasn't work very well - its why PCR and PSR were split.
- Rohnert Park convention
 - Because \$42K on the line for Rohnert park in 2026, are we wise to put that money at risk? Should we decide no hotel as an option?
 - Discussion about rohnert park 2026 contract...do we think we can do it? Can we get enough people to go and stay 3 nights? Estimating 70-60 regular attendees at all the conventions. Need to book 197 room nights. Conservative estimate of only 160 sold, we could lose \$5500.
- Long beach did not meet room nights.
- Techline: 239 room nights sold, so it can be done but rooms were \$130/night.
- Continue with all decisions made to hold Rohnert park convention in a hotel per the proposal
- with an acceptable level of loss. With the attitude that each one could be the last based on level of loss.
- Sacramento might be the area to try to find a non hotel model. Some suggestions were made as a research starting point.
- National is planning a new model ...they are considering fewer days, no hotel as base of organization possibly, not in large metro areas, decouple train show from event, perhaps other changes

Scholarship - did it last year, didn't get a lot of publicity, do we want to do again? No motion made to donate funds to New Tracks Modeling Scholarship fund.

Model RR competition at fresno state again ...holiday layout tours for classrooms prior to their own layout building. Funded by Calif high speed rail.

Rail Pass option is it still available? Yes. We will continue to do \$10 matching for another year at least. Might convert more if we just supplement a regular membership. Prize to members that bring in a member perhaps? Nationally only a 6% conversion rate.

The NMRA's new Medicare health plan that covers NMRA membership. Remind members to look into it.

Minutes prepared by

Cydney George-Abatecola

Secretary

Pacific Coast Region, National Model Railroad Association

Date of approval: March 28, 2025, Annual BOD Meeting at SLO Convention

PCR President Frank Markovich – March 2024

This will be my last report as PCR president.

It has been an honor to serve the PCR. I want to thank all of you for your support!

Highlights:

1. Saxon estate has brought in a little over \$5K so far.
2. All divisions are meeting regularly. Most have Zoom events also.
3. Membership is slightly dropping.
4. Train shows are back big time!
5. This convention Should at least break even.
6. Having Companion free has really helped.
7. Election completed – Chip will be new PCR President.
8. Talking to the National it is confirmed that membership overall has declined but the decline is slowing down.

Saturday, January 18, NMRA Regional Advisory Committee – Notes

Upcoming National Conventions:

2026 – Southeast Region – Chattanooga, TN

2027 – Pacific Northwest Region

2028 – Northeast Region

Changes to Model Railroad Author A.P. Requirements:

Non-published work will now qualify. The work must be acknowledged by an NMRA member and must have been helpful. This requires a witness and is similar to witnessing for, say, the Electrical Engineer certificate.

For printed matter, a single page has been reduced from 1,200 words to 800 words. The reasoning is that many print publications are shrinking in volume and are using larger fonts.

NMRA Branding:

NMRA has engaged FODA (Austin, TX), a branding company, to guide and develop the NMRA brand. Resulting logo(s) and promotional materials will be made available to all regions and divisions via the CANVA platform. As such, divisions and regions must identify a volunteer, within their ranks, to learn CANVA and develop the capability to access and download branding material.

90th Anniversary:

Labor Day weekend 2025 will be the dates for the official celebration of NMRA's 90th Anniversary. Divisions and regions are encouraged to observe the dates and engage in some celebratory activity.

Grouper:

To date, 800 applications have been received and 310 have been approved (38.75%). Participation requires enrollment in Medicare Advantage, which works well in metropolitan areas but not so well in non-metro areas. The subsidy has been increased to \$130 per year per participant, with the money going directly to the participant.

Achievement Program:

In addition to the changes in the Author requirements (discussed above), the Master Builder – Structures category has been modified to include “thin” structures, such as those three-sided, abbreviated structures used along a backdrop.

Also, there is movement towards replacing the qualifying paperwork with an electronic method.

Regional Conventions:

The Lone Star Region has developed permanent convention and registration websites to be used by all divisions as they take their turn hosting.

Several regions expressed a general apathy on the part of their members to actively participate in convention planning and execution. This seems to be a combination of an aging membership base and simple “burn-out.”

As a measure to reduce the cost to attendees, several regions are planning to offer shorter conventions--some only two days. Overall cost-savings may accrue by getting away from the convention hotel model.

Insurance:

Providing liability insurance for divisional and regional activities is seen as one of the benefits of NMRA membership. Indeed, the 100% NMRA clubs can take advantage of NMRA insurance coverage, and this is likely a good incentive for the clubs to encourage and maintain 100% NMRA membership.

(Does the PCR have a way to identify our 100% NMRA clubs?)

PACIFIC COAST REGION of the
NATIONAL MODEL RAILROAD ASSOCIATION

Treasurer's Report

March 28, 2025

To the Board of Directors

Pacific Coast Region of the National Model Railroad Association

Attached find the PRELIMINARY Fiscal Year End March 31, 2025 Financial Report for the Pacific Coast Region of the National Model Railroad Association for the period from April 1, 2024 through March 31, 2025, consisting of the following:

PRELIMINARY Treasurers' Report for the fiscal year ended March 31, 2025

PRELIMINARY Fiscal Year End - Profit and Loss Statement

PRELIMINARY Balance Sheet as of 03/31/2025

I am anticipating a small annual profit for the fiscal year. Our revenues have mainly come from Contributions from member's estates and Convention Income. We received a total \$1,300 from the National Model Railroad Association for the year.

Respectfully Submitted,

Bob Osborn

PCR Treasurer

Daylight Division Annual Board of Directors Meeting Report March 2025

Over the past year, the Daylight Division has adjusted its priorities in response to evolving interests and the effectiveness of previous outreach efforts. This past year the primary focus has been preparing for the upcoming PCR annual convention, *Daylight Limited*.

Membership Recruitment and Outreach

Our emphasis at train shows has shifted. While we previously emphasized recruiting through the Rail Pass program, this approach has been scaled back due to a low conversion rate to full NMRA membership after the nine-month trial period.

A more effective strategy for the division has been direct outreach to potential members through:

- Meet-and-greet events
- Layout tours
- Hands-on workshops (e.g., benchwork, wiring, weathering)

We've also encouraged younger modelers to attend meetings alongside current NMRA members, which has helped build interest and engagement.

Convention Promotion

We promoted the *Daylight Limited* convention at both the Ventura and Bakersfield Train Shows. Most NMRA members we encountered were already aware of the event and had already made their attendance decisions. The most common reason for choosing not to attend was cost—specifically, hotel and registration expenses.

At Bakersfield, many non-NMRA attendees were unfamiliar with the convention. However, our promotional video generated interest and allowed us to explain the value of attending.

Ongoing Activities and Future Plans

Our weekly Tuesday night Zoom meetings continue, although regular attendance has declined somewhat.

Looking ahead, we plan to:

- Increase outreach to unaffiliated and “lone wolf” modelers
- Host more hands-on, skill-focused events across various geographic areas of the division
- Empower local members to organize meetings
- Encourage new members to get involved and connect with others in the division

Respectfully submitted,
Walter Mizuno
Director, Daylight Division

PCR Storekeepers report
Board of Directors meeting
March 24, 2025

Submitted by PCR Storekeeper Mark Poggendorf

This inventory list reflects current items and equipment owned by the Pacific coast region of the NMRA

<u>Item</u>	<u>Condition</u>	<u>Custody of</u>

PCR Membership Department Report
Board of Directors Meeting
March 28, 2025

Submitted by PCR Membership Manager Doug Wagner

The PCR membership statistics for the period of April 30, 2024, to February 28, 2025:

- Membership on March 31, 2024—790 (end date of last report)
- Membership on February 28, 2025—758
- Deceased Members—8 (this figure includes 5 Lifetime Members)
- New Members—67 (this figure includes 43 Rail Pass type membership)
- 91 members either moved out of the Region or simply did not re-up their NMRA membership.

PCR Membership by Month since the last report of March 31, 2024:

- February 28, 2015—998
- February 29, 2024—776
- March 31, 2024—790
- April 30, 2024—814
- May 31, 2024—818
- June 30, 2024—822
- July 31, 2024—817
- August 31, 2024—813
- September 30, 2024—801
- October 31, 2024—794
- November 30, 2024—759
- December 31, 2024—741
- January 31, 2025—750
- February 28, 2025—758

Membership by Division as of February 28, 2025

Figures in parentheses are for March 31, 2024(date of the last report):

Division	# Members
Coast	338(349)
Sierra	230(252)
Redwood Empire	104(110)
Daylight	86(79)
Total PCR Members	758(790)
