PCR Portable Layout/Module Contest Entry Form

| ENTRY: □INDIVIDUAL □GROUP | ENTRY |
|--|----------------|
| A PCR Model Contest official will assign and fill in the Entry Number. | # |
| INSTRUCTIONS: | Score |
| Describe the module in detail. Check items that apply and add any other pertinent data | Judges Only |
| 1. CONSTRUCTION: Max 35 pts | J, |
| a. Percentage of kit built plastic structures% c. Percentage of cross-kitted structures% | |
| b. Percentage of kit built craftsman type structures% d. Percentage of scratchbuilt structures% | |
| e. Scenery other than above. Describe in detail techniques and materials used below. | |
| | |
| | |
| | |
| | |
| 2. DETAIL: Max 20 pts | |
| Describe the complexity, difficulty, refinement, amount of subordinate parts. List commercial parts used. Point out extra | |
| detail. | |
| | |
| | |
| | |
| | |
| | |
| 3. CONFORMITY: Max 10 pts | |
| Give information as to prototype modeled or explain logic of design. | |
| Give information as to prototype modeled or explain logic or design. | |
| | |
| | |
| | |
| | |
| 4. ELECTRICAL: Max 10 pts | |
| Give details of electrical features beyond those required by module specs | |
| | |
| | |
| | |
| | |
| | |
| | |
| | |
| 5. FINISH AND LETTERING: Max 20 pts | |
| 5. FINISH AND LETTERING: □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: Max 25 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: Max 25 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: Max 25 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: Max 25 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: Max 25 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. Max 25 pts 7. INGENUITY: Max 5 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. Max 25 pts 7. INGENUITY: Max 5 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. Max 25 pts 7. INGENUITY: Max 5 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. Max 25 pts 7. INGENUITY: Max 5 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. Max 25 pts 7. INGENUITY: Max 5 pts | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: Max 25 pts List all parts you have fabricated. Note any special or unusual features. 7. INGENUITY: Max 5 pts Indicate any features or techniques that you believe to be creative, innovative, and perhaps helpful to fellow modelers. | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. 7. INGENUITY: Indicate any features or techniques that you believe to be creative, innovative, and perhaps helpful to fellow modelers. SCORE | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. 7. INGENUITY: Indicate any features or techniques that you believe to be creative, innovative, and perhaps helpful to fellow modelers. SCORE TABULATED BY: VERIFIED BY: POSSIBLE: 125 POINTS | |
| □Weathered □Non-Weathered □Spray □Brush □Mask and Spray. Point out method of coloring and texturing employed to finish natural surfaces (rocks, earth, etc.) and man-made surfaces (roads, etc.) Signs and Lettering: □Decals □Hand lettering □Dry Transfers □Photo Reduction □Photo Etching □ Other (explain) 6. SCRATCH BUILDING: List all parts you have fabricated. Note any special or unusual features. 7.
