## From the Superintendent

Dave Putnam,  
Division Superintendent

The summer is here and there are lots of outdoor activities to fill our daylight hours. Seeking shelter in the layout room is often a low priority when the sun is out and the weather warms up, but model railroading can still be on your radar. Many of us will soon be taking short and long road trips to visit friends and family. I always try to include a visit to stores that might be offering deals on those items that are on my want list. I also try to work in a visit to a local club when I'm visiting new territory.

Maybe you have a clinic that you would like to present. While you're out lounging in the hammock, pool, or lake, why not work up a concept that you can use to create something that might interest other modelers? Our friends in the Redwood Division of the PCR are looking for members who would like to give presentations at next year's "Extra 2026" convention April 30<sup>th</sup> – May 2<sup>nd</sup> in Rohnert Park. For more info, visit the convention's clinic website. Several of the layout owners in our region and division who hold operating stations are often looking for crew when "the regulars" are unavailable during the summer months due to vacation travel. Check around your area and see if you can get on a call list or two. This is a great way to connect with other people in the hobby. Don't worry if you have little or no prior experience participating in operating sessions. Most owners will be happy to pair you up with a veteran to mentor and help you gain knowledge and experience.

Speaking of travel, it isn't too late to sign up to attend the NMRA's national convention and Train Show in Novi, Michigan. The convention dates are July 14<sup>th</sup> - 19<sup>th</sup> and the Train Show is on July 19<sup>th</sup> & 20<sup>th</sup>.

Our division's next in-person meeting will be hosted by the Tidewater Southern Model Railroad Club on Saturday August 23<sup>rd</sup>. The club's layout is located at the San Joaquin County Fairgrounds. The division will be providing pizza and drinks for the meeting. Along with the club's layout, David Stanley is opening his home layout for visitors in the morning prior to the meeting. Brandon Salas is helping to coordinate this day so if you have a layout in the Stockton area or know of someone who does and would like to show it off, please contact Brandon and we can add the layout to the tour. We will be sending out a formal invite and request via e-mail for meeting details and RSVPs in early August via ConstantContact.

Finally, as my two-year term as Sierra Division's Superintendent ends later this year, you might want to consider taking over the duties. I've had a great opportunity to meet a lot of our members at our meetings, layout tours and operating sessions and learned a great deal during my time in office.

## Peering Out The Back Door

A recent suggestion made to my alter ego, the PCR *Branch Line* Editor, sent him through past issues of the regional newsletter in search for the date of a particular award presentation. While crawling around in the archives, he/we absorbed quite a bit of history and acquired a bit of a thirst for further connection with the stories from previous model railroad years. We actually went all the way back to October 2001, which is the earliest of the archived *Branch Line* issues.

Once I had worked my way forward to the first issue I edited, I decided to try the same exercise with the Sierra Division *Short Line*. The *Short Line* archive only goes back as far as October 2007 when it was just a type-written, four-page letter. It wasn't until January 2011, when Gary Ray became editor, that the current configuration of this publication came to be. Gary took the short letter and morphed it into a full-blown tab-style magazine. The format he created back in 2011 largely remains with us to this day.

The cover of this issue reflects my visit to the past issues. Sort of like looking over my shoulder or, "out the back door." I hope you recognize something or someone in the collage on page 1. I know I did.

---

Speaking of Gary Ray, he shared a special occasion with us. See the news from Gary on page 13.

Also of note is a new train show in our area. See page 4 for news about the Redding Model Train Show.

International Rail Fair will be back the weekend of November 8 & 9. Be sure to see the flyer on page 7 and the "Square Foot Diorama Challenge" on page 8.

The 2026 PCR convention is well along in the planning stage. You can learn more about it on pages 9, 15, and 16.

And don't forget the August 23 Sierra Division in-person meet (*remember when we didn't need to qualify meets with the description "in-person?"*). Our hosts will be Dave Stanley and his Morada Belt Railroad and the Tidewater Southern Model Railroad Club. And, pizza and drinks will be provided! (see page 14)

---

Please remember that this publication is designed to be a cooperative effort. In other words, the readers (you) are encouraged to contribute content in order to keep it interesting and meaningful.

Don't be shy. Send your photos, comments, and articles to:

For 90 years, the National Model Railroad Association (NMRA) has been the “mothership” of the model railroading community. Founded on the principles of supporting both the hobby and industry of model railroading, we've grown into a global fellowship of model railroaders united by our passion for "the world's best hobby." As we celebrate our rich history, we look forward to the next 90 years of innovation, education, and community. Supporting the NMRA, supports the hobby!

#### **NMRA Promise**

To foster the art and craft of model railroading through education, standards, and fellowship, ensuring the hobby continues to thrive for generations to come.

#### **NMRA Core Values**

- Fellowship: Creating connections through shared passion
- Education: Sharing knowledge and expertise
- Innovation: Advancing the hobby through standards and best practices
- Heritage: Preserving and celebrating railroad history
- Community: Supporting and inspiring model railroaders worldwide
- Strength: Building lasting connections and enduring standards

International Railfair is hosting a Square Foot Diorama Challenge. Build a diorama between now and November 8th, and display it during the show (on one of the Sierra Division tables). The rules are simple - the diorama has to fit on a 12" x 12" square base (or smaller) and there has to be an element that includes railroad track. The diorama can be in any scale, even a non standard 'railroad scale'. There will be a People's Choice award based on votes from our show's attendees. I'm The International Railfair will be held at Cal Expo in Sacramento on November 8th and 9th 2025. The Challenge is a fun event that's aimed at giving our show attendees another thing to enjoy. I hope some of you are able to join in. I can't wait to see what you build.

## ***TIDEWATER SOUTHERN***

Mark Your Calendar for August 23, which will be the next Sierra Division In-Person Meet in San Joaquin County.

We will be guests of the Tidewater Southern Model Railroad Club at their location in the San Joaquin County Fairgrounds in Stockton.

In addition, Dave Stanley will have his Morada Belt Railroad open for us to visit that same morning.

PLUS...Lunch is on Sierra Division. Can't beat that!

Both of these layouts are well worth the travel-time to visit. Don't miss out.

**Have you joined the NMRA Interchange? It's the newest tool to help you connect with other members, gain knowledge and learn to modeling techniques. The Interchange is hosted on the Discord application which is available for Windows, Apple OS, Android and Apple devices. See instructions below for signing up.**

## **Joining the NMRA Interchange**

Speed Muller

IT Manager, NMRA

Have you joined the Interchange yet? If not, follow these steps to get connected!

1. Go to [nmra.org/nmra-interchange](https://nmra.org/nmra-interchange)
2. It will ask you to log in to the NMRA website if you're not already logged in. If you are not registered with the NMRA website yet, now's the time to do it. Click the "Need a username? Register now" button, and get set up. Use the email address on file in the NMRA membership system (probably the one where you got this eBulletin). The system will email you a link to set your password.
3. Now you should be in the [NMRA Interchange](#) page. If not, click this link.
4. Click on [Member Info](#) in the top right corner and scroll down get your exact Member ID. You'll need that later.
5. Read through the page and then follow the "Interchange Server Invite" link at the bottom. This is a special link just for you and will look something like <https://discord.gg/xxxxxxx>
6. You will be taken to Discord (the platform that hosts the NMRA Interchange) where you will be prompted to sign in, if you already have an account there, or prompted to register, if not. If you need instructions for creating an account or logging into Discord they can be found [here](#).
7. Once you accept the NMRA Interchange Invite, and you are logged in, you will land in **#the-lobby** with a message on what to do next.
8. We suggest that you read and agree to the **#rules** first. Just click on **#rules** and then click on "thumbs up". Then click on **#the-lobby** again to do the most important step.
9. Discord and the NMRA need to check with each other, in order to verify that you are a current NMRA member with an email on file. You start the process with the **/onboard** command. Now, this is very sensitive to the type of device you are using, so just type the first few letters **/onb** at the bottom where you see a + sign in a circle. It will complete the command for you in a pop-up just above that. Click on the **/onboard** command. Add your membership number (6 characters followed by a space and then two more characters) just as you noted in step 4. Example: **/onboard input: 123456 0A**
10. Discord and the NMRA computers will have a chat, and then you will receive an email containing a **/clearance** command. That's your entry ticket. Copy and paste the whole line into **#the-lobby** (at the + sign again). Example: **/clearance input: 654321**
11. You're in! You will not have to do any of this again. If anything derails, you'll get a message telling you what to do next, and we also have Moderators in the Interchange standing by to help.
12. If all went well, you'll now see more than 350 channels (those # things). We suggest you start by going to **#introduce-yourself** and then scroll up to **#the-workbench** to see what others have done and shared! Then find your Region and Division and say "hello" there. And then start participating and enjoy!

“Hi California Friends,

Yesterday cars were put on the tracks of the Gerber Sub for the first time in 6 years. What an exciting moment for me.

Read more at my blog: [First Train on Layout to Run - Gary Ray- Southern Pacific Model Layout](#)  
A giant leap forward!

Gary Ray  
Azle, TX”

# May 16, 2025

Today is a Red-Letter Day! The first train left Gerber for Redding and returned. The last time a train ran on the Gerber Sub was October 9, 2019! Tearing out the old layout, moving, and starting construction on a new one put me 6 years behind schedule. Had we not moved, that time would have been spent building structures and Westerfield car kits. At 79, I'll have to decide what can be accomplished and probably sell off things I don't think will get done. But so happy to have trains running again.

## Clinicians Wanted!

Share your expertise with fellow modelers, rail history enthusiasts, and layout design and operations fans! Whether you've discovered a more efficient modeling technique, uncovered fascinating local railroad history, developed a hands-on skill to teach, or have a story from your layout that others can learn from—we want to hear from you.

The 2026 Convention is seeking knowledgeable and passionate presenters. We invite you to submit a clinic title along with a brief description of your presentation, hands-on workshop, or other session idea. Your insights can inspire and educate others in the hobby!

Visit our website at <https://pcr2026.org/clinics/> and fill out the clinic submission form to share your presentation with fellow attendees. Your participation is key to the success of the convention! For questions or help with the form, contact Jim Providenza at [clinics@pcr2026.org](mailto:clinics@pcr2026.org).

**The Sierra Division, PCR-NMRA** is making available to Sierra Division members a “kit” containing the necessary tools and instructions to complete the part 3 requirements of the NMRA Model Railroad Engineer – Civil Certificate. More information on the requirement is at: [www.nmra.org/civil](http://www.nmra.org/civil)

#### **The Kit:**

The kit includes tools and templates sufficient to create the following (you only need to construct 3):

- HO Scale #5, Code 83 Right-hand turnout
- HO Scale #5, Code 83 Left-hand turnout
- HO Scale #5, Code 83 Single crossover
- HO Scale #5, Code 83 Double crossover
- HO Scale #5, Code 83 Crossing 14 degree

#### **How the System Works:**

- ☐ Reservations are on a first-come, first-served basis. All reservations will be for a calendar month. Requests must be sent to [louiesqd@att.net](mailto:louiesqd@att.net).
- ☐ The kit will be shipped via UPS on the first day of the month. Arrival should be within 2-3 days.
- ☐ The member may use the kit for what should be, **about** three weeks.
- ☐ The member must ship the kit back, postage pre-paid by the 25<sup>th</sup> of the month. This will allow us time to check and clean the kit and still send it out again on the first of the month. Zip ties and address information will be included in the kit. Return the kit to:  
**Lou Anderson, 100 Buddy Drive, Woodland, CA 95776.**

#### **Reservations:**

The rental fee and deposit must be received by the 15<sup>th</sup> of the preceding month.

The rental fee for the kit is \$25.00 by separate check. This will cover the cost of shipping the kit to the member, cleaning costs and additional packaging as needed.

A deposit in the amount of \$500.00 must be included by separate check. This check will **NOT** be deposited unless the kit is not returned. When the kit is returned, the check will be destroyed.

Mail both checks, made payable to the **Sierra Division**, to:

**Lou Anderson, 100 Buddy Drive, Woodland, CA 95776.**

#### **Preparation/Supplies:**

Be prepared. Have all supplies ready and on-hand in advance of the arrival of the kit. You will need:

Micro-Engineering Code 83 NON-weathered rail, have extra on hand.

Small diameter solder.

Soldering iron, min 35 watts.

Instructions and a DVD are including in the kit or you can go to <https://www.handlaidtrack.com/> for more information.

#### **Responsibilities:**

- ☐ The member is responsible for loss and all damage to the contents of the kit. If you break it, or damage it beyond further use, notify us immediately at [louiesqd@att.net](mailto:louiesqd@att.net). Be prepared to include a check in the amounts listed above to cover the cost of replacement.
- ☐ Please notify us as soon as possible if you wish to cancel your reservation so that we can offer it to another member.

If you have questions, please direct them to Lou Anderson at [louiesqd@att.net](mailto:louiesqd@att.net). or Chip Meriam at [chipmeriam@comcast.net](mailto:chipmeriam@comcast.net).
